

Aluminium systems for architecture that lasts

Since 1971 • Designed & produced in Europe • Built for the future

ETEM
EXPERTS IN ALUMINIUM SYSTEMS

Building trust for **more than 55 years.**

ETEM is one of Europe's most historic aluminium extrusion and architectural systems manufacturers.

We design, develop and produce integrated architectural solutions for buildings that are built to last functional, efficient and timeless.

Since 1971, we have been partnering with architects, engineers and fabricators to turn complex ideas into built reality.

55+ YEARS
OF EXPERIENCE

VERICALLY INTEGRATED
PRODUCTION & R&D

PROJECTS IN MORE
THAN 67 COUNTRIES

Quality is not a feature.
It's a process.

Στην ETEM, η ποιότητα ενσωματώνεται σε κάθε στάδιο.
Από τον σχεδιασμό έως την τοποθέτηση.

DESIGN DISCIPLINE

Systems designed with
architectural precision
and clarity.

MANUFACTURING CONTROL

Production with strict control
and consistency in every batch.

TESTED PERFORMANCE

Performance that is verified
and certified.

LONG-TERM RELIABILITY

Solutions designed to perform
for decades - not just on the
day of delivery.

Our Production

1971

Development

International Presence

Sustainable Future

Systems designed for architects.
Built for real life.

01

DESIGN FREEDOM

Slim profiles, large surfaces and flexible typologies. More space for your design vision.

02

PERFORMANCE YOU CAN TRUST

Energy efficiency, safety and comfort that allow you to specify with confidence.

Our Systems

03

**SUPPORT THAT
SAVES TIME**

Technical support, design assistance, BIM files,
samples and direct collaboration at every
stage

04

**RESPONSIBLE
ALUMINIUM**

Sustainable production processes
and transparent environmental
performance.

Our Projects

Sustainability

Lower footprint. Longer-lasting buildings.

Sustainability is not a trend - it is a responsibility.

At ETEM, we invest in processes and materials that reduce environmental impact while increasing the long-term value of buildings.

- Optimized use of raw materials
- Aluminium recyclability
- Solutions supporting green building certifications

Collaboration in Practice.
From concept to construction,
we are by your side.

We actively support every stage of the process. Our goal is simple: to make your project easier, more reliable and more efficient.

CONCEPT

Consulting and system selection

DESIGN DEVELOPMENT

Technical details, drawings, BIM objects and technical guidance

TENDER & FABRICATION

Partner training and specification support

ON SITE

Technical support and after-sales care

HEADQUARTERS - COSMOS ALUMINIUM A.E.

8th km Larissa - Athens National Road, Larissa
P.C. 41110, P.O. Box 1379
T: +30 2410 567567
